

Schede tecniche di Prodotto

Interfaccia pulsanti da incasso, 2 ingressi

Numero di riferimento

2076-2 T

Interfaccia pulsanti de incasso KNX, 2 ingressi

ETS product family: Input
Product type: Binary input

- Can be used as binary input
- Can be used as switching output, e.g. for LEDs, max. 0.8 mA

Dati tecnici

Ingressi

Numero:	2
Signal voltage:	5 V
Signal current:	> 1 mA
Collegamento:	branching terminal, 5 pins
Length of input cable:	25 cm prefabricated, extendable to 5 m max

Outputs

Tensione d'uscita:	5 V with 3.9 k Ω series resistor (open-circuit voltage)
Corrente d'uscita:	2 mA for red low-current LED (at approx. 1.4 V)
Dimensioni (L x A x P):	28 x 43 x 16 mm
